SCHOOL BOARD ASKS SPEEDUP ON HS ADDITION

Gettysburg Joint School District has called for a stepup in building operations at the Gettysburg High School classroom-auditorium addition so that the new auditorium will be finished in time for use at commencement time.

A letter to General Contractor R. S. Noonan and the architect, John B. Hamme, asking acceleration and a progress report promising a faster tempo were read at the January meeting of the Joint School Committee of the jointure Monday evening at the high school building.

Reports on the addition showed work on the general contract 68 per cent complete; heating work over 80 per cent and electrical work, 55 per cent. A shortage of bricklayers, the carpenters' strike and weather conditions were cited by the general contractor in explaining the lag in building operations.

Grade School on Schedule
A letter read to the school committee Monday said there "is no reason why" the auditorium cannot be finished for commencement. The progress report given the board Monday on the high school annex was the first of its kind the schoolmen have received since the building started more than a year ago.

The report on the Keefeauver Elementary School showed progress up to schedule and with every indication.

DRIVERS MAKE TWO LEFT TURNS AND THEN CRASH

The attempts of a 16-year old driver to "get out of the road" of a vehicle approaching from the rear led to a two-car accident at 6 o'clock Monday evening at Flora Dale, in front of the property of Frederic E. Griest Jr., state police said today.

According to police William T. Tilton, 16, Flora Dale, a student at Biglerville High School, was enroute home when he stopped on top of the hill at the Frederic E. Griest Jr. residence to permit two other students to disembark from his station wagon.

The youths had left the vehicle and Tilton was preparing to continue on when he saw the headlights of another north-bound vehicle approaching.

Police said Tilton turned left to enter a township road at the Frederic Griest Jr. property.

Second Left Car

Paul E. Heller, 28, Biglerville R. 1, driver of the approaching car, enroute home from work in Biglerville, also drove his car to the left. The two cars went into the township road side-by-side.

The right front of the Heller car struck the left fender of the Tilton vehicle, according to police, and caused about a one inch cut in Tilton's fender. Police fixed damage to that car at \$15.

Then the Heller vehicle, continuing its turn, went over a concrete abutment, through some bushes on the lawn at the Griest home and knocked down a small locust tree. Damage to the Heller car was estimated at \$450.

Mrs. Ray Knouse, 56, Bendersville, a passenger in Heller's car, suffered a bruised right arm but did not require medical treatment. Police are continuing their investigation.

JAYCEES WILL OBSERVE 35TH ANNIVERSARY

Members of the local Junior Chamber of Commerce will participate in three meetings this week as part of their observance of National Jaycee Week.

Wednesday evening the local group will attend an extension meeting to establish a Jaycee chapter in Chambersburg. Thursday night they will meet at the engine house where Grover Goucker, Hanover, national Jaycee director, will speak. Friday evening they will attend a district meeting in the Dillsburg Community building. After the business meeting a dance and buffet luncheon will follow.

Jaycee officials said the U. S. Junior Chamber was founded 35 years ago this week. The national Jaycees, now numbering more than 2,000 clubs and 200,000 individuals, was established in St. Louis, Missouri. There are chapters in 32 foreign countries.

Founded in 1933

The Gettysburg chapter was chartered in March 1933, and has a membership of 28. It is the second such group organized in Gettysburg. In the early 1940s a Junior Chamber was established here, but passed out of existence two years later when a majority of its members were called into the armed forces during World War II. The organization limits the age of its members to between 21 and 35. Its purpose is to "improve and develop the community"

SENIORS MAY BE SUSPENDED FOR "TARDINESS"

Some Gettysburg High School seniors may face suspension if they fail to attend school more regularly—and on time.

Results of a study of school attendance and tardiness was presented to the Joint School Committee Monday evening by Superintendent Lloyd C. Keefeauver and it showed the seniors, although the smallest class, have the largest number of tardy marks and the poorest attendance record of any grade in the school system.

Discussion of the report brought opinions from the superintendent and directors that provisions of the state law which provide for suspending pupils after they reach the age of 17 for "irregular attendance without a valid excuse" might well be enforced here.

137 Tardy Marks

Dr. Keefeauver's report showed seniors have amassed 137 tardy marks since school opened. At the other extreme are the Fifth graders who have not had a member late for a school this year.

Juniors have 87 tardy marks; Sophomores, 94; Freshmen, 44; 8th grade, 23; 7th grade, 13; 6th grade, 10; 4th grade, 9; 3rd grade, 16; 2nd grade, 20, and 1st grade, 21.

The percentage of attendance for the seniors dropped from a high of 99.2 in September to 91.1 in November and 92.4 per cent in December. After September seniors had the lowest percentage of any grade except in December when 1st graders dropped to the end of the list with 91 per cent attendance. Childhood diseases were blamed for that drop.

Four Youths Are Implicated In Series Of Thefts Here

The questioning of the youths who are alleged to have stolen a car has uncovered a gang of Gettysburg area juveniles who are believed to have broken into several houses, stolen household furnishings, auto accessories, and done some shoplifting over a five-month period.

Three Gettysburg boys have admitted taking a variety of goods, according to borough police, and selling them to a junk man. One has confessed to having taken the automobile, and the other two drove it around while police were searching for it.

Clyde L. Shaffer, 22, and Robert L. Shaeffer, 24, both of Gettysburg R. 1, pleaded guilty Monday to a charge of having received the stolen goods. Although the men are brothers they spell their name differently. They posted \$500 bail before Justice of the Peace Robert P. Snyder to appear in court January 29.

A fourth juvenile is implicated in the receiving of the goods, police said.

Stolen Car Recovered

The car stolen was a convertible belonging to Floyd McMullen, 372 W. Lincoln Ave. It was taken last Wednesday and was recovered on Saturday, on a tip from a local resident who said he had seen it being driven around town. It was returned undamaged to Mr. McMullen.

Five houses were broken into, all in the Gettysburg R. D. area. A variety of items ranging from canned goods to jewelry was taken. These boys are also said to be responsible for the wave of auto

ROTARIANS ARE TOLD INDIA IS FORGING AHEAD

Dr. Roy M. Dunkelberger, missionary to India for more than 40 years, told the local Rotary Club at its meeting in the YWCA Monday night that "India has changed tremendously in 40 years, and much of the change is due to the influence, either directly or indirectly, of Christian principles."

The changes in India in the past four decades "are unbelievable," Dr. Dunkelberger said. "The Indians were naturally selfish in outlook. Most women were illiterate and were treated badly. India was a country where the caste system made it impossible for much change to take place."

"That was 45 years ago. India is a rapidly developing country. It has made remarkable progress educationally. The old caste system is rapidly breaking down. Women are highly respected and many occupy high positions in the government, in education, in the church. Many are physicians, lawyers, and members of other professions. One woman is a member of the cabinet."

Many Rotary Clubs in India and that is one evidence of change, for Rotary has helped bring about a condition in which people of different castes, religions and occupations can get together despite the obstacles that were set up to keep them apart.

"Remarkable, too, is the social awareness of the people of India. Forty-five years ago there appeared to be none. Now there are all sorts of organizations to help orphans,"

EDINA, Mo. (AP)—Harry W. Bailey, 85, of Waynesboro, R. 4, Pa., plunged to his death yesterday from a speeding luxury train, the Santa Fe Chief.

Bailey was identified by papers he was carrying. Conductor Louie Wildhaber said the victim had asked him a few minutes earlier to open a doorway between cars so that he could get some air. The conductor said Bailey complained of feeling ill.

Bailey's body was found on the railroad right-of-way 12 miles northwest of here. A search was started after Wildhaber noticed Bailey was missing. The east-bound train was halted at nearby Baring, Mo.

Sheriff William A. Barnes said Bailey had papers which showed he was returning to his home where he lived with a son. He said the papers also showed he had been visiting a daughter, Miss Minnie Bailey of Pasadena, Calif.

SANDSTORMS TO BE GIVEN MALE NAMES IN TEXAS

MIDLAND, Tex. (AP)—Ladies who have been upset about Hurricane Alice can get back at their husbands pretty soon. There'll be Sandstorm George to talk about at the breakfast table.

The hurt feelings of women about the female names given to hurricanes is not, of course, the only reason for a momentous decision taken in this west Texas city.

Sandstorms, people feel here, have just as much personality as hurricanes. And the same right to names. Good, strong, masculine names.

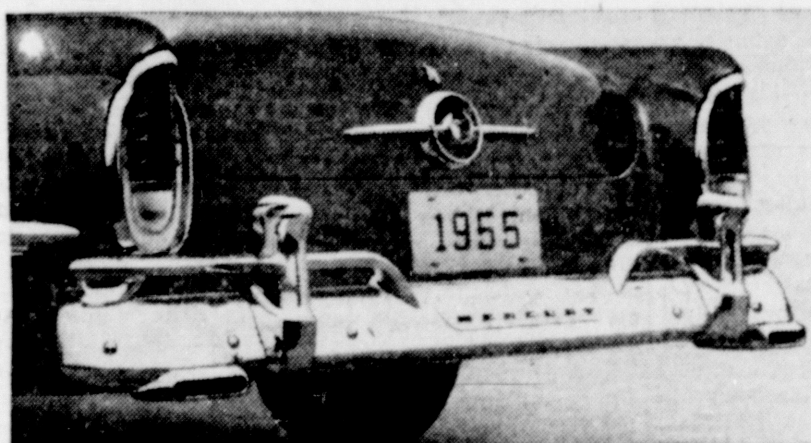

Forms Sandstorm Board
So, Editor Bill Collins of the Midland Reporter-Telegram today announced appointment of the world's first sandstorm advisory board.

There are three members: a woman, to make sure the sandstorms get masculine names; the Chamber of Commerce manager, who is happy about the "recognition" the sandstorms are going to get; and W. M. Perry, chief meteorologist in charge of the U.S. Weather Bureau here.

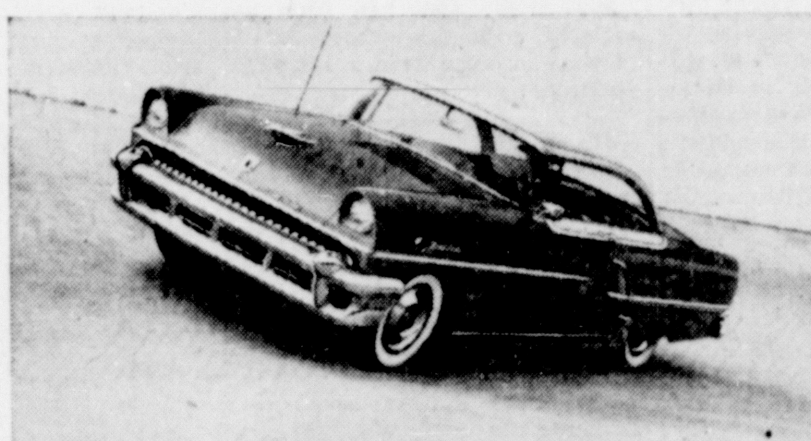

Perry's job: to size things up and decide whether a wind has enough in it to be called an honest-to-goodness sandstorm.

Ice islands have been observed in the antarctic as much as 70 miles long and 20 miles wide with a height of 2,500 feet.

Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times
FIFTY YEARS AGO

Socially: One evening last week Miss Martha Sachs entertained in honor of her guest, Miss Beulah Lieberman, of Melittia, Md. Quite a number of young folks were present and a most enjoyable evening was passed.

A delightful party was given by Miss Mary Johns to a number of friends at her home on Steinwehr avenue, Thursday evening. The evening was spent in playing various games, etc. Those present were: Miss Estella Lieberman, Magie Thorn, Estella Raffensperger, Cora Thorn, Mary Johns, Verna Speese, Laura Johns, Elizabeth Weaver, Adolph Johns, Masters Robert Armer, Earl Eicholtz, Henry Springer, Luther Bream, Guy McCarney, John Sachs, George Hartman and Raymond Dillfield.

Wedding Bells: Hoffman-Cullison—Charles B. Hoffman, clerk in the People's Cash store, was united in marriage to Miss Maggie M. Cullison, also of this place, on Monday, Jan. 2nd.

The ceremony was performed by Rev. H. W. Benner at the New Chester parsonage. The young couple will reside in this place.
McGuigan-Miller—Miss Lillian A. Miller, daughter of Mr. and Mrs. John Miller, and Charles McGuigan, son of Mr. and Mrs. George McGuigan, both of Mt. Joy township, were married on Sunday evening, January 1st, at Littlestown. The ceremony was performed by Rev. B. F. Lindaman, of that place. They will reside near Littlestown.

Pool Room Entered and Robbed: The pool room in rear of Hotel Gettysburg, conducted by Luther M. Slentz, was forcibly entered Thursday evening, and a quantity of cigars, cigarettes and tobacco and \$1.67 in cash taken.

Wants to Locate Cyclorama Here: Capt. James T. Long informs us that E. W. McConnell, owner of the cyclorama of the battle of Gettysburg, expects to be in Gettysburg about the 15th with a view of making arrangements to locate the above cyclorama at this place permanently if he is given encouragement by our people.

The above cyclorama was painted especially for the World's Fair and is one of the finest ever produced. It cost \$100,000.

Lost—Between Gettysburg and Biglerville: A Martin fur collar. Liberal reward if left at this office.

Remembered Their Pastor: Quite a representative party of Mt. Zion Lutheran church called at the parsonage at Idaville on last Thursday evening laden with well-chosen tokens of their goodwill to supply cupboard, larder, cellar and chicken house. There were mutual good wishes exchanged and some excellent music rendered. The donations were much appreciated by the pastor, Rev. W. L. Leisher.

It Will Be Quite An Event: A number of young men (many of them printers) are arranging for a clay bird match to be held in this place on February 22nd. Most who will participate have never shot off a trap and the event promises to be one of interest and amusement.

Death of Dr. E. J. Wolf: One of the Most Distinguished Divines in the United States Passes Away—A Great Scholar and Educator—Our citizens were shocked shortly after noon yesterday when the news flashed about that Rev. Edmund J. Wolf, D.D., had died at his home on Seminary Ridge.

His serious illness was known to many of our citizens, but notwithstanding this fact his death was rather unexpected.
The death of Dr. Wolf removes from Gettysburg one of the town's most able and learned men and from the Lutheran church one of its foremost clergymen.

He was a power in the Lutheran church and his wise and able counsel will be greatly missed.

Today's Talk

JAMES HILTON
I read regretfully, and with sadness, of the illness and death of James Hilton, the English novelist who captured the interest and imagination of American readers by his little book, "Goodbye, Mr. Chips," and "Lost Horizon," later filmed and given an audience of millions.

Hilton's first book was "Catherine Herself" written when he was but seventeen years of age. I began reading him with this book and continued with most of his books until his death. To Dartmouth College I presented my collection which embodied most of his life's work. He was but fifty-four when he died a few weeks ago.

Mr. Hilton will be long remembered for his Mr. Chips book which was a highly sentimental story of a beloved old schoolmaster, and his book "Lost Horizon" in which he created the mystical country "Shangri-la." The latter became a household word, and remains thus to this day. Inspired by the idea by "Mr. Chips," he wrote it in but four days. It gave him immediate fame.

A story with the similar sentimental touch to it is that one by MacKinlay Kantor entitled "Valedictory," which was the account of a beloved janitor of a small school. These two books by Hilton and Kantor can well become companions on the shelves of any library. Sure, they are both sentimental, but I once heard President Wilson state in an address that sentiment was one of the great things in life. In this connection MacKinlay Kantor's little book "Happy Land" and his dog story "The Voice of Bugle Ann" can be included.

Prof. William Lyon Phelps of Yale, the beloved "Billy," was one of the first to discover the talent of James Hilton, and we had many a talk about him. When he learned I had almost a complete collection of Hilton's books, he took the next train from New Haven, Conn., and came to my office to see them! Hilton wrote interestingly and had a fine appreciative audience when he was stricken. He will be greatly missed and happily remembered.

Tomorrow Mr. Adams will talk on the subject: "Important People"

Just Folks

PAST AND PRESENT
The present soon becomes the past. With dawn tomorrow is today. Not long what now is best will last. Since men will find a better way.

The books are filled with tales of men
Who rose to greatness long ago.
They were their ages' wisest men,
But there was much they couldn't know.

Each age has limits of its own,
Which may be widened by the few.
Knowledge is only what is known,
And text books old give way to new.

Men die and leave their facts behind,
But always following are those
Who will more truth by searching find,
Which at the present no one knows.

\$5,000 per annum. The act went into effect Jan. 1st, 1954, so that Judge Swope has \$1,000 back pay coming to him.

The first movement to increase the salaries of the judges of the commonwealth was begun during the 1901 session of the legislature. The bill failed to pass and it was again introduced during the session of 1903. At the beginning it was found difficult to secure sufficient votes to pass the measure, but after provisions had been made to take in all the judicial districts of the State having a population of 90,000 and give the judges in them \$6,000 the bill was passed without much opposition.

It was then asserted that the bill was unconstitutional because it provided for increasing the salaries of men while in office. Considerable litigation followed and the measure finally reached the Supreme Court, which tribunal affirmed its constitutionality.

Will Not Reveal Tax Refund Names

HARRISBURG (AP)—The state Finance Department has upheld the refusal of a state agency to divulge the names of persons and firms who have received tax refunds from the commonwealth on grounds the privacy of the taxpayer would be violated.

The ruling, handed down yesterday, was requested by state Treasurer Weldon B. Heyburn who also serves as chairman of the Board of Finance and Revenue.

The department said that "in our opinion, the privacy of the taxpayer would be invaded by the voluntary disclosure of the amounts of tax resettled against the taxpayer either on review or refund by the board."

Reds Infiltrate Defense Plants; Can Acquire Vital Secrets; Situation Serious

By JOHN CHADWICK
WASHINGTON (AP)—The Senate Investigations subcommittee said Monday "the Communist party has successfully infiltrated national defense industries."

New legal safeguards against possible subversion and espionage were urged in a report by the subcommittee on a probe conducted under the chairmanship of Sen. McCarthy (R-Wis.).

It said Communists in defense plants are "in a position to acquire vital information concerning our military secrets and our military effectiveness," and added:

"The employment of Communists in defense facilities, even though they are not actually working on classified (secret) material, is a clear and present danger to our national security."

Removal Is Important
Calling the removal of Communists from defense plants of "paramount importance" to the nation's security, the report made these two recommendations:

1. That Congress authorize government agencies to bar persons believed to be disposed to commit sabotage, espionage or other subversion from defense plants, even though the plants have no classified contracts.

The report observed that the Senate passed a bill of this type last Aug. 17 but that no action was taken by the House.
2. That the Defense Department "prepare adequate security regulations preventing the employment of and ordering the removal of Communists in establishments producing materials under the national defense program regardless of whether the employment is in connection with classified work."

Law Protects Reds
The subcommittee said there is now no law nor any Defense Department regulation under which he was stricken. He will be greatly missed and happily remembered.

were publicly described as Communists but refused to testify and either affirm or deny Communist party membership.

Referring to the witnesses who invoked their constitutional protection against answering questions as "Fifth Amendment Communists," the report said those testifying publicly were from 13 different defense plants.

"All the witnesses who invoked the Fifth Amendment were physically employed within these plants," the report said. "Three of these Fifth Amendment Communists were cleared for access to classified information ranging from confidential to top secret."

The subcommittee said that as a result of its "exposures," 34 employees in "vital defense plants" either resigned or were fired or suspended by their employers.

Files Complaint Against Utility

HARRISBURG (AP)—The Colonial Products Co. of Dallastown, York County, has protested to the Public Utility Commission that the Dallastown-Yoe Water Co., Red Lion, has failed to furnish adequate service.

Colonial contended yesterday that the utility's water pressure and supply is inadequate for its needs and the "proper protection of life and property of the community of Dallastown."

A copy of the complaint was sent to the water company for reply. The PUC will hold a public hearing on the protest after the utility's answer is received.

COLLEGE DEAN DIES

LANCASTER, Pa. (AP)—The death of Sanders P. McComsey, 61-year-old dean of Millersville State Teachers College, was caused by a heart attack, Deputy Coroner Dr. J. M. Mustard said.

McComsey, who had been associated with the school for 27 years, was found dead in his office yesterday.

An air lift that carried 138,700 passengers and 170,343,000 pounds of freight was used to build the railroad which taps the newly developed Labrador-Quebec iron deposit.

CHRONOLOGY OF PERESS' CAREER IN ARMY REPORT

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON (AP)—The Army got rid of Irving Peress only when two generals, after months of fumbling by the facts and the demand, learned the rest and demanded action.

Peress, a New York dentist called to active duty as a captain after refusing to answer questions about communism, later was promoted to major after refusing again.

The Army's handling of Peress was one of the causes of the feud between the Army and Sen. McCarthy (R-Wis.). Peress was in the Army 15 months. Now the Army has issued a 10,000-word report on why he stayed so long.

Zwickler Hired
The generals' main responsibility for building a fire under Peress were Brig. Gen. Ralph W. Zwickler, commander at Camp Kilmer, N.J., where Peress was stationed most of the time, and Lt. Gen. Withers A. Burress, 1st Army commander. The story, as told by the Army, speaks for itself:

Oct. 15, 1952 — Peress sworn in as captain. Oct. 28 — He pleads Fifth Amendment in not answering questions about communism. Jan. 1, 1953 — He goes on active duty.

Feb. 5, 1953 — Counterintelligence of 1st Army, which has headquarters in New York and jurisdiction over Camp Kilmer, begins investigation of Peress. April 24 — Counterintelligence informs Intelligence Division and surgeon general's office in Washington it has found "sufficient evidence of disloyal and subversive tendencies to warrant removal of Peress from service."

Report Sent

April 30, 1953 — Washington's Intelligence Division sends report on investigation to Camp Kilmer. June 15 — Intelligence branch at Kilmer returns file to 1st Army's intelligence branch with recommendation Peress be dismissed. July 7 — 1st Army's counterintelligence tells Washington's Intelligence Division keeping Peress is "not clearly consistent with interests of national security." Since regulations provide for a man in such a spot to answer more questions, a questionnaire is sent from Washington to New York and then to Kilmer.

Aug. 25 — Peress refuses under Fifth Amendment to answer all questions except those like his name and address. Aug. 26 — Kilmer's intelligence branch, again recommending Peress' dismissal, sends unanswered questionnaire to 1st Army's Intelligence Division. Sept. 2 — The latter forwards file to Washington, again urging Peress' dismissal.

Requests Promotion

Sept. 9 — Peress, at a time when Army is considering promotion of number of Army dentists, asks promotion to major. This request passes through a number of Camp Kilmer offices — chief dental surgeon, commanding general, intelligence office, personnel branch — and then to 1st Army headquarters in New York, with recommendation Peress be promoted. They had been informed of the derogatory information in Peress' files but forgot or ignored it.

Sept. 23 — 1st Army's adjutant general approves promotion, tells adjutant general's office in Washington. Then follows an exchange of letters around the Army on Peress' qualifications as a dentist.

Stock Market Well On Way To Recovery

NEW YORK (AP)—The stock market was well on its way to recovery yesterday from the severe fall it suffered last week.

Prices went up sharply, on top of a brisk rise on Friday. By now, as measured by the Associated Press average of 60 stocks, the market has made up nearly three fourths of the ground it lost during the slump of last Wednesday and Thursday.

Most market analysts called last week's break merely a longneeded correction after the market's amazing rise. Investors obviously agreed, and so did the bulk of the investment advisory services, which frequently exert a substantial influence on the prices of shares they recommend.

The surgeon general's office, which twice had recommended Peress' dismissal, approves promotion.

The Army explain this promotion business was handled by Army personnel people, not by the intelligence people who had investigated his background.

Zwickler Informed

Oct. 21 — Zwickler is informed of derogatory information on Peress and that he has asked promotion. The same day Zwickler notifies Burress, 1st Army commander in New York, and recommends Peress' dismissal. Oct. 23 — Adjutant general's office in Washington appoints Peress major. Nov. 2 — Peress becomes major.

Nov. 3 — Burress visits Zwickler at Kilmer. Zwickler notes Peress has been made a major over Zwickler's opposition. Burress immediately phones his chief of staff in New York to get busy on case. Nov. 6 — Burress writes vice chief of staff in Washington, Gen. Charles L. Bolte, urging Peress' dismissal.

Nov. 20 — Army personnel considers Peress' case and decides he must go. Dec. 31 — Bolte notifies Burress that Peress must be dismissed but will be allowed to quit with honorable discharge any time within 90 days after being notified.

Jan. 25, 1954 — Peress is given notice and decides he will get out March 31. But he quits Feb. 2, three days after being called before McCarthy and refusing to testify under protection of the Fifth Amendment.

U.N. SECRETARY IS IN HONG KONG ENROUTE HOME

By DAVID J. ROADS
HONG KONG (AP)—U.N. Secretary General Dag Hammarskjold, arriving in Hong Kong from Jeiping tonight, disclosed he had cabled warm thanks to Red China's Premier Chou En-lai for his hospitality.

The U. N. chief remained mum on the results of his mission seeking the release of 11 American airmen held by Red China as spies and other U.N. personnel imprisoned by the Chinese.

Hammarskjold told 50 waiting newsmen at Kowloon, Hong Kong's mainland station, he would make no statement on his mission until he made his report to the U.N. General Assembly which sent him.

As the Hammarskjold party crossed into the British crown colony at the frontier station of Lowu, he sent a cable back to Chou saying:

"Warm Appreciation"

"On leaving your country, I wish to convey to you on behalf of my colleagues and myself our warm appreciation of the welcome given us. Your courtesies and hospitality and the unfailing assistance of everyone with whom we came in contact have rendered this a most memorable experience, for which we all of us stand in gratitude."

The secretary general told newsmen, smiling, that: "This isn't a press conference."

But he read out the sentences from his cable to Chou.

Hammarskjold is scheduled to spend the night at Government House in Hong Kong before flying on to Tokyo and thence back to the United States. He is due back at U.N. headquarters in New York Saturday. He is to leave for Tokyo at 8 a.m. tomorrow (7 p.m. EST tonight) aboard a Scandinavian Airways System plane.

Bucknell Opposes Bullets Here Wednesday; Jr. Hi To Host Delone Freshmen Tonight

A clash between two victory-hungry basketball teams, Gettysburg and Bucknell, here Wednesday evening features the local sports program for the week. Following Wednesday's game the Bullets meet Lehigh at Bethlehem on Saturday and then will be idle for two weeks due to mid-year examinations.

Gettysburg Junior High, victims of Mechanicsburg and Delone in two previous engagements, will be host to the Delone Catholic freshmen tonight on the local high school court. The Squires have won from Paradise School and bowed to Harrisburg Catholic.

The Jayvee teams will play the preliminary at 6:30.

Wednesday's game between the Bisons and Bullets promises to be an evenly matched affair. Bucknell comes here with but one victory against six losses. Gettysburg has won two of eight.

Sophomores Predominate

Despite the presence of six lettermen on the squad, Coach Ben Kribbs of the Bisons is sticking primarily to a sophomore group. Among the sophomores listed to start against the Bullets are Joe Baccelli, 6; Norm Voorhes, 6-1; John Beatty, 6-4, and Marty Tannenbaum, 6.

Lettermen include Dick Bradway, 5-11; Herb Cox, 6-1; Dick Johnson, 6-1; Ray Rappell, 5-11; Steve Smith, 6-2; and Don Wain, 6-0.

Last year the Bullets trounced the Bisons twice but Bucknell is rated a slight favorite for Wednesday.

Johnny Yovisina's freshmen, 77-70 winners last week over Western Maryland, meet the Bison yearlings in the preliminary at 6:45.

Gettysburg High School's Warrior draw a bye in the South Penn circuit this evening and next meet Harry Pure's Waynesboro eagles on the latter's floor Friday evening.

South Penn games on tap tonight include Waynesboro at Hanover, Shippensburg at Mechanicsburg, Carlisle at Hershey, and Chambersburg at Middletown.

TWO-MAN RACE IN HOCKEY LOOP

NEW YORK (AP)—The race for the individual point-scoring lead in the American Hockey League has narrowed down to a two-man affair between Cleveland sharpshooters Fred Glover and Eddie Olson.

Glover, who has played in every one of the Barons' 35 games, has produced 24 goals and 31 assists for 55 points. The veteran Olson has a league-leading total of 26 goals and 28 assists, which gives him 54 points, good for second place. Olson has appeared in 34 games.

A gap of 11 points separate Olson and Zello Toppazzini of Providence in third place. Toppazzini's 43 markers are followed by Ken Wharram of Buffalo with 42 and Paul Larivee of Providence with 41.

Gil Mayer of Pittsburgh holds a commanding lead among the goal-tenders, with a goals-against average of 2.81 per game. Don Simmons of Springfield is next with 3.04.

Pat Egan, playing coach of Providence, leads in penalties with 91 minutes.

GARCIA UPSET AND CONSTANCE HELD TO DRAW

By JACK HAND

NEW YORK (AP)—Rudy Garcia's chances of a featherweight title bout and Hector Constance's hopes of moving up in the welter class have been deflated by boxing's latest developments.

Garcia, a 2-1 favorite, was upset by Bobby Bell, of Youngstown, Ohio, last night on a unanimous decision in 10 grueling rounds at Brooklyn's Eastern Parkway. Constance, an 11-5 choice, was held to a second draw by Johnny Brown of Chicago, in a dull 10-rounder in the preliminary at 6:45.

Bell's victory quelled Garcia's hopes of a crack at Sandy Saddler, the feather champ, in San Francisco or Los Angeles next month. Lee Boren, manager of the sturdy Los Angeles 128-pounder, said he had been approached by "an IBC representative" about the big match. The defeat ended all that talk.

St. Nick's Crowd Boos

Garcia won't be ready to fight anybody for some time. He had three cuts around his left eye and one around the right that required a total of 10 stitches. Boren said his fighter was "stale from over-training."

Bell weighed 126½.

At St. Nick's, the crowd of 1,750 booed and stamped their feet while Constance, the man from Trinidad, and Brown buffed and puffed. Constance, who hadn't fought in two months, was dull and rusty. Constance weighed 149½. Brown 146½. The pair had fought a draw July 21 at Chicago.

ROYALS DEPEND ON DAVIES IN HERSHEY GAME

Still flying high in his tenth campaign as a star of the Rochester Royals, Harrisburg's Bobby Davies is expected to spark his teammates against the New York Knickerbockers in the opening game of the pro cage bill at Hershey Sports Arena, Wednesday evening, January 19.

Davies first joined the Royals during the 1945-46 season, after illustrious career with both the Seton Hall and Great Lakes Sailor teams. The following season, his second as a pro, found Bobby being voted the league's most valuable player, as well as being named to the N.B.L.'s All-Star club.

Bobby continued his torrid pace in the newly revamped 48-49 B.A.A. set-up. The ace playmaker set a new league scoring mark with 321 assists. Again he won an All-Star berth.

Once more the league got a face-lifting as it became known as the N.B.A. Still the fair-haired Davies continued to remain in the national limelight. All-Star honors came his way again.

In 1950-51, Davies had a league average of 15.2 during the regular season and in the play-offs he sparkplugged the Royals with 15.9 points per game.

Bullets Guests Of Davies

The 1951-52 campaign was perhaps Davies' finest, as he placed fifth in the individual scoring list with a 16.2 average and again he nailed down an All-Star selection.

Last year, his ninth as a pro, found Davies average 12.3 points per game. He also collected 323 assists to place fifth in that department.

At the conclusion of the season Davies retires from professional basketball to become coach of the Gettysburg College Bullets next season. The Bullet squad will be the guests of Davies at the Hershey program.

MARILYN MAY HAVE LEGAL WOES AHEAD

HOLLYWOOD (AP)—A sampling of movie legal opinion today indicated that if Marilyn Monroe tries to make her own pictures, no one is going to see them until 1958.

Movie bigwigs queried were unanimous that the gorgeous blonde lacks a legal leg to stand on in her recent announcement she would form her own production company.

The sources agree that 20th Century-Fox's current contract with Marilyn will repel any legal thrusts until the 1958 expiration date.

Got "Stupid Advice"

Most outspoken is publisher Billy Wilkerson of the Hollywood Reporter, often the trade paper voice of the major studios. Said Wilkerson: "Marilyn Monroe... is being fed some stupid advice."

But the publicity department could well be the influential stockholder in Marilyn's new corporate structure. If so, look for Monroe and Zanuck to kiss and make up amid more popping of flash bulbs and pounding of typewriters.

"There's no space grabber quite like a fight between a big studio and its biggest star."

SAYS INDIANS ARE TOP THREAT

CHICAGO (AP)—Marty Marion, new manager of the Chicago White Sox, is bubbling over with pennant hopes and tabs Cleveland as the big team to beat.

"Although the Yankees got Bob Turley, Don Larsen and Bill Hunter," said Marion, former St. Louis Cardinal shortstop star, "St. Louis Browns manager and White Sox coach, 'I see Cleveland as our chief rival."

"The Yankees are going to miss Gene Woodling. Turley is a fine pitcher but the fact he lost 15 games for Baltimore last year proves he can lose."

"But as a whole, the entire American League is going to be a lot stronger. Detroit and Boston look good with their young players jelling."

Marion thinks that first baseman Walt Dropo and outfielder Bob Nieman, both obtained from Detroit in the Ferris Fain deal, will give the Sox much-needed power.

Bout Scheduled Tonight Cancelled

MILWAUKEE, Wis. (AP)—The off again, on again ten round boxing bout scheduled here tonight between Peter Mueller of Germany and Gordon Wallace of Canada, is out by State Athletic Commission physicians.

The middleweight bout was canceled yesterday by Promoter Phil Valley after commission examiners found the German import was suffering from a virus infection and had not trained for five days.

NAVY MAY MAKE STATEMENT ON ERDELATZ TODAY

ANNAPOLIS, Md. (AP)—The Naval Academy was expected to issue a statement today clarifying the status of Eddie Erdelatz, its successful head football coach.

Erdelatz returned from a Chesapeake Bay duck hunting trip late last night to learn that he himself had been hunted all day yesterday by persons who wanted to know if it was true that he was leaving the Academy.

It had been reported the Navy coach had been offered a job to coach the professional Los Angeles Rams at almost double the salary he receives from the Academy.

When Erdelatz came home last night—he admitted he had talked to Dan Reeves, owner of the National Football League Rams, but denied that he ever mentioned terms and money of a contract. He said Naval Academy officials were aware of the conversation with Reeves.

Earlier yesterday, Reeves said Erdelatz had not been offered a job as Rams coach but that he was one of five or six under consideration.

Community Cage Loop Organized

The Community Basketball League, sponsored by the Recreation Association, will start action Monday evening, January 17. It was decided at a meeting Monday of the eight teams and Rogers Herr, winter sports program director for the association.

Four teams from Gettysburg and four county teams will form the league.

Double-headers will be played each Monday and Thursday evening on the Gettysburg High School floor, the first game starting at 7:15. A 56-game schedule will be played.

Anyone desiring to officiate is requested to get in touch with Herr. Officials will be paid.

SCHOOL BOARD

(Continued from Page 1)

tion it will be ready by May 1, the scheduled completion date.

Dr. R. D. Wickerham, board president, who presided Monday, urged directors to visit both building projects.

The committee gave permission for bus transportation for about 115 FFA and FFA students from Gettysburg to the State Farm Show by bus on Wednesday. Three buses will be used.

Banquet February 3

It was announced the high school teachers have been asked to give the program for the annual directors and teachers' banquet at the high school February 3.

The board offered to rent the high school gymnasium to the Theta Chi Fraternity for a dance in April but decided against catering a banquet for over 400 fraternity folk or allowing high school cafeteria facilities to be used for that purpose.

School facilities had been asked for both the dinner and dance.

Ten directors attended the meeting and heard monthly reports read. The report of the joint district treasurer, the First National Bank, showed a current balance of \$44,498 in the general fund after receipts of \$22,031 and expenses of \$30,607. The cafeteria fund showed a current balance of \$2,975 after expenditures of \$5,073. Receipts and the old balance came to \$8,049. In the Athletic Fund report there was an old balance of \$2,070; receipts of \$451 and expenditures of \$239, leaving a balance of \$2,228.

DEFEAT FAILS TO SHAKE LEAD OF KENTUCKY

By THE ASSOCIATED PRESS

A one-point setback, the first defeat in 33 games, failed to dislodge Kentucky's Wildcats from first place in the weekly Associated Press basketball poll.

The Wildcats, with a record of seven victories and a 59-58 defeat by Georgia Tech through last Saturday's games, didn't dominate the voting today as they have in recent weeks.

But they still finished on top with 895 points, a margin of 15 over North Carolina State. A week ago they had a lead of 221 over runner-up Duquesne, which also came a cropper against Little St. Francis of Loretto, Pa., Saturday. Duquesne slipped to third place this week.

N. C. State Second

The 104 sports writers and sportscasters participating in the poll gave Kentucky 52 first-place votes, North Carolina State, which moved up from third to second, received 22 votes for the top spot.

La Salle and San Francisco retained their holds on fourth and fifth places, respectively, with Missouri, Illinois, George Washington, Utah and UCLA completing the first 10.

The leaders, with first-place votes in parentheses:

1. Kentucky (52)	895
2. N. C. State (22)	743

RULES CHANGES ARE DISCUSSED

NEW YORK (AP)—The NCAA Football Rules Committee was scheduled to discuss a proposal from the coaches on the position of linemen on shifts today as the committee went into the second day of its three-day meeting.

The coaches at their meeting last week called for strict enforcement of the rule banning the "sucker shift." Until now, the NCAA has not taken action on outlawing the shift. Instead, it has maintained that the rule branding the sucker shift "unsportsmanlike" was sufficient.

The committee yesterday considered 45 proposed changes in the substitution rule but indicated that the only one which would receive serious consideration was one proposed by the coaches in which the four-minute segment at the end of each half would be eliminated.

Instead a player who has been removed during a quarter would be permitted to reenter once during the same quarter. Under the current rules, a player who has been taken out is permitted to reenter only during the last four minutes of each half.

NATIONAL GUARD

(Continued from Page 1)

ond floor room of the army, as if on dress parade. Then the Inspector General's representative will examine their ability to drill, will question individual members concerning their training, check their appearance, their military bearing, and the condition of their uniform. Sergeant advisors will then conduct a question and answer period.

Following that inspection the men will meet for their regular weapons and sectional training, in classroom instruction, and the inspectors will make the rounds of the classes, checking the instruction given and the manner in which it is presented.

There will also be a check of individual trainees to determine how well they learned their lessons as citizen-soldiers during the past year.

With the completion of the inspection, most of the members of the Guard unit will depart—all but the officers. They will then have the usual behind closed doors criticism from the Inspector General's staff.

When baked potatoes are on the dinner menu, put a few extra ones in the oven. Peeled, diced and heated in a cheese sauce, they will be quick and hearty dish for the next day. Serve with hamburgers or sliced ham, a yellow or green cooked vegetable and a salad.

Better Billiards

(This is the second of four articles on billiards written especially for AP Newsfeatures by Willie Mosconi, world pocket billiards champion.)

By WILLIE MOSCONI

A good stance is one that is balanced and comfortable. Take your position at the table facing in the direction of your shot. Stand back from the table about one foot. Your right foot is in line with the cue ball.

Now, turn your left foot about 30 degrees to the right. Move your right foot back until the toe of your right shoe is opposite the middle of your left shoe. The right foot is pointed at a 45 degree angle from your original position.

Bend forward at the hips. Your weight is distributed evenly on both feet. In this position your body can move slightly forward with the stroke. This forward movement will help you follow through on your stroke. Your left arm is extended straight to the bridge position. The left elbow is bent very slightly, if at all. Your head is over the cue in the line of the aim.

This position is recommended for the average shot on the table. If, for example, the cue ball is frozen to, or close to the rail then the position varies. In this case you would be farther back from the table. But again, your body faces the shot. You are balanced to move forward with the stroke.

Remember, proper position at the table is most essential. Proper position is proper balance. And without proper balance you can never achieve billiard skill.

The closing exercises of the Holy Name Retreat were held at St. Joseph's Church on Sunday night with 24 new members being received into the Society. A social was held immediately following the church services at which the annual election of officers was held.

Lion Thomas is the manager of the Cambridge Rubber Company, Taneytown, and is president of the Lions Club, Scout and Junior League Baseball booster.

The question was introduced as to the advisability of the local Lions Club sponsoring Junior League baseball here. A committee was appointed to look into the matter and a report will be made at the next meeting. The committee is composed of Paul Claypool, George Wilhide, Herbert Roger and John Hollinger.

Mr. and Mrs. Louis H. Callahan and son, Eugene, of Baltimore, spent the weekend with Mrs. Louisa Warthen and daughters of St. Anthony's.

Victor Wolfe, Frederick, visited Mrs. Louisa Warthen and family, St. Anthony's, on Sunday.

FALSE TEETH
That Loosen
Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not rot. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

evening of the carnival, and the committee plans to have the same "rides," including a ferris wheel, airplane ride, etc., as were available for the entertainment of both adults and children at last year's carnival.

The annual parade observing the battle anniversary will be held Thursday night, June 30, continuing the policy adopted last year of holding it in the night, when, according to participants, it is cooler, rather than in the heat of the afternoon.

Chairman Menges said the general committee from the Gettysburg Fire Department, sponsors of the annual program, will name the numerous individual committees within several weeks. The committees usually include every member of the fire department, serving in one or more capacities.

Following the general committee meeting, Chairman Menges met with a group of women volunteers who will have various posts in connection with the observance.

has grown to a new high of 262 and average attendance has reached a new high of 161, reports by Superintendent Oren H. Wilson and Secretary Russel Hackman showed.

Reports on the Women's Christian Fellowship by the president and treasurer, Mrs. Richard A. Brown and Mrs. Edmund W. Thomas, showed \$1,386 raised in the last year and a variety of service, worship and study projects carried out.

Re-Elect Miss Evans

A benevolence budget of \$4,443, a new high figure that represents a minimum goal set by General Assembly, was adopted and later in the session the current expense budget of \$14,692, providing for the pastor's salary increase and \$2,700 to be spent in building improvements, was approved.

Youth budget, deacons', treasurer's and Session Fund reports were presented.

Miss Elizabeth Evans was re-elected church treasurer for one year and her salary was increased from \$150 to \$200 per year.

In a report for the board of trustees, President Stauffer told of "changing the face" of the manse and of work about to be done in the Boy Scout room in the church basement. Detailed plans for the latter project were presented by Walter Meighan.

In his report as president of the board of trustees of the Gilliland Home, Mr. McPherson announced the appointment of Mrs. Clayton Jester to fill the board vacancy caused by the death of Mrs. William M. NEW POLICY ON COMMITTEES TO BRING CHANGES

By JOE HALL

WASHINGTON (AP)—A new policy by the Democratic Senate leadership appeared likely today to remove Sen. Byrd (D-Va.) from the chairmanship of the spending watchdog committee he has headed in all its 14 years.

This is the Senate-House Committee on Reduction of Nonessential Federal Expenditures, first set up in 1941 and known around the capitol simply as "the Byrd committee."

The Democratic Steering Committee yesterday announced it was asking that no Democrat hold two committee chairmanships. In the past, one man has been permitted to head one of the regular legislative committees and a special committee such as the Byrd group.

Byrd will be Finance Committee chairman this year, the first major standing committee he has headed in his 22 years in the Senate.

Thus he would not be able to head the watchdog committee under the new policy.

Byrd said he had not decided what to do about this. But a source close to him said he would tender his resignation as chairman of the watchdog committee. If it is accepted, his successor probably

would be Rep. Cannon of Missouri, senior House Democrat on the group.

A veteran Democratic senator said the new policy was not aimed at Byrd, but was devised for harmony purposes by Majority Leader Lyndon B. Johnson (D-Tex.).

The Democratic steering group completed its committee assignments yesterday, managing to give plums to two veterans who are now "freshmen" — Senators Barkley of Kentucky and O'Mahoney of Wyoming—and also to Sen. Morse (Ind-Ore).

Barkley got the two major committee posts he held—foreign relations and finance—before he left the Senate in 1949 to become vice president. O'Mahoney was assigned to interior, of which he formerly was chairman, and to the Judiciary Committee.

Morse, whose vote makes possible Democratic control of the Senate, was given the foreign relations spot he long has wanted. He also was put on another major committee, banking, and kept on an assignment he wanted to retain — District of Columbia.

If you enjoy making food look pretty you'll be interested in these basic garnishing rules. Garnishes should complement the flavor and color of the food they are accompanying. Garnishes should never be overhauled or allowed to crowd a platter or other serving dish. Odd numbers of garnishes are usually the most effective. Garnishes should be placed so that the food they accompany can be served easily.
